It's easy to search Wikibooks by topic, and there are separate sections for recipes and childrens' textbooks. You can download any page as a PDF using a link provided in the left-hand menu, but unfortunately there's no support for other formats. There's also Collection Creator - a handy tool that lets you collate several pages, organize them, and export them together (again, in PDF format). It's a nice feature that enables you to customize your reading material, but it's a bit of a hassle, and is really designed for readers who want printouts. The easiest way to read Wikibooks is simply to open them in your web browser.

To 'hook' my first grade writers, we built and raced paper airplanes together. It was the perfect time to model the how-to process. As a class we walked through every step of making a paper airplane (from this online tutorial), writing the directions (including time-order words) as we went. We included an illustration, as well, so our reader could also 'see' the steps in making an airplane.
