The Fermi paradox is a conflict between the argument that scale and probability seem to favor intelligent life being common in the universe, and the total lack of evidence of intelligent life having ever arisen anywhere other than on the Earth.. The first aspect of the Fermi paradox is a function of the scale or the large numbers involved: there are an estimated 200–400 billion stars in the ...

25 horses 5 tracks Puzzle | Puzzle Fry

5. The stiletto had no fingerprints at all, but the paper cup was all covered with one type of fingerprint: Joseph's (they had a mobile fingerprint lab). 6. Mr. Olson's wristwatch was broken, probably due to the fight, and it showed the time at 3:50. Inspector Will then talked to Mary, to tell her she was under arrest. Why did he suspect her?

Wow. I still don't understand how that last step is figured out in Chapter 5-3. I used your info of course, and thankfully, I didn't spend too much time on it...I would have been pulling my hair out trying to get this last step. I never would have. I'd appreciate a detailed explanation, if there is one!
