During this neoliberal hegemony, Georgia became poor country with a typical class society where people lived in separate realities. The reality of the poor class had nothing to do with the reality of the rich one, and there was a neoliberal government which advocated and protected the interests of the upper class and thus oppressed the lower one.

Fourth, it sets out the ways in which neoliberal hegemony has utilised complexity, in discursive and productive terms, to embed itself and further disable its opponents. Finally, it examines the faultlines which are fast emerging to present post-crisis neoliberalism with fresh challenges in the post 2016 era.
