This compendium collated by the World Peace Foundation details 41 cases of corruption in the international arms trade and broader military sector. It forms part of WPF's ongoing program on the Global Arms Trade and Corruption. The cases are also displayed on an interactive map, designed by Tufts GIS

While more detailed and current information on armaments is of course available on line, for research purposes on post cold war weapons systems I found this book helpful to the paper I was writing. It is by the nature of information though, a snap shot in time, but if this era is what you are interested in for a project, the book is very thorough
