A Conflict of Visions. In a dozen or so books, Sowell—a model of the contemporary ideological warrior—has combined engaging scholarship with a fervently held political point of view. He has also been a contributor to the editorial pages of many newspapers and periodicals and occasionally appears as public speaker.

A Conflict Of Visions Thomas

It distinguishes between those with the "constrained" vision, which sees human nature as enduring and self-centered, and the "unconstrained" vision, in which human nature is malleable and perfectible. A Conflict of Visions offers a compelling case that these opposing visions are behind the ethical and ideological disputes of yesterday and today.

Thomas Sowell's, A Conflict of Visions is a well written balanced look at what is at the heart of the seemingly intractable political divide that exists in the United States today.

A Conflict of Visions, by Thomas Sowell - Commentary

The conflicting "visions" are not merely a set of opinions or points of view. The weakness and vagueness of that label, as well, are misleading and unfortunate. Sowell's "vision" is like a lens, through which a person with one vision or the other sees some things but is essentially blind to

others.

A Conflict of Visions by Thomas Sowell (ebook)

Book Review: A Conflict of Visions by Reviewed by David M. Stewart. Sowell's hypothesis is that the major political struggles of our day reflect two dominant and conflicting visions of man's nature and potential. Yet most struggles are debated on another level, without any acknowledgment of these visions.

A Conflict of Visions Quotes by Thomas Sowell

A broadly sweeping philosophical analysis, Sowell's new book performs a useful service for people interested in contemporary politics: it attempts to lay out objectively the basic differences between the liberal and conservative visions. Sometimes cogent, the book falls short, however, of objectivity; its conservative biases and obfuscations are readily apparent from the start.

"A Conflict of Visions" stands on its own and may be read to great benefit without any prior acquaintance with Sowell's work, but it can be most fully understood as one third of a trilogy, the other two parts of which are: "Knowledge and Decisions" and "The Vision of the Anointed". The Constrained Vision more or less asserts that (1) human beings (whether individually or in groups (e.g., legislatures)) are incapable of broad knowledge (i.e., at the societal level) about the effects of their ...

A Conflict of Visions is a book by Thomas Sowell. It was originally published in 1987; a revised edition appeared in 2007. [1] Sowell's opening chapter attempts to answer the question of why the same people tend to be political adversaries in issue after issue, when the issues vary enormously in subject matter and sometimes hardly seem connected to one another.
