Abc Of Eyes

ABC of eyes, as a critical primer, is an excellent introduction to ophthalmology with admirable simplicity, authority and clarity. -- American Journal of Ophthalmology From the Publisher

ABC of eyes (Book, 1988) [WorldCat.org]

Abstract: "This ABC owes its success to its succinct, symptom-based approach. Full of excellent colour photographs and illustrations, it gives clear practical advice on the identification, treatment and management of all major eye disorders, and when to refer to a specialist."
