Ashfall, a novel by Mike Mullin, poses a hypothetical account of a boy whose world is devastated by the eruption of the supervolcano beneath Yellowstone National Park. Blending scientific concepts, such as volcanology, engineering, physics, biology, and climate change, with the literary tropes of suspense, apocalypse, and the separation from one's home, it offers a well-researched realist account of how an ordinary life might be impacted by this rare, but inevitable, natural disaster.

Ashfall 1 Mike Mullin

But Mike Mullin's Ashfall felt like a brand new bag in many ways! It held such inspiration, morality, and hope in the pages. This story felt more like a journey towards a new way of living in a new world rather than the beginning of the end.
