Isaac Asimov | Biography & Facts | Britannica

Isaac Asimov (/ ˈ æ z ɪ m ɒ v /; c. January 2, 1920 – April 6, 1992) was an American writer and professor of biochemistry at Boston University. He was known for his works of science fiction and popular science. Asimov was a prolific writer who wrote or edited more than 500 books and an estimated 90,000 letters and postcards.

Asimov's Biographical Encyclopedia Of Science & Technology ...

Like The Intelligent Man's Guide to Science, this is a major work from the 1960's which Asimov periodically updated throughout his life. (Unlike the Guide to Science, however, he didn't change the title every time.) There is virtually no reason, therefore, to read the original edition from the 1960's over the third edition from the 1980's.
