if you do attack you have some defences against a counter-attack.

### **Backgammon Tricks**

If you bear off all of your checkers before your opponent bears off any of his, he is gammoned. He will lose twice the value on the doubling cube. The backgammon. If you bore off all of your checkers while your opponent still has checkers on the bar or on your home board, then your opponent is backgammon.

### **Ten Ways to Destroy Your Friends at Backgammon**

The object of backgammon is to move all your checkers around the board in a clockwise motion and ultimately bear off the checkers from the board. The first player to remove all their checkers is the winner. Alternate turns with your opponent moving checkers toward your home in the upper right hand quadrant of the backgammon board.

Backgammon seeing as it needs careful movement of your pieces and how the checkers are moved is partially the outcome of the dice roll.

### **Strategies to Win at Backgammon - thesprucecrafts.com**

It is a difficult strategy to play in backgammon because the chance of a successful Back Game is influenced by the luck of the dice roll. A successful Back Game requires that you establish two anchors, have at least 10 of your checkers advanced to contain the opponent if you hit, and have enough timing (i.e. are far enough behind in the race) to wait until he rolls awkwardly and leaves a single or double shot.
