Diet changes, rather than manipulations to training, should be used to create an energy deficit or surplus. It's easier and more effective to control the energy balance through diet, i.e., eating more or less, rather than moving more or less. Training should be determined by goal, not used to address the energy balance equation.

Beyond Diet Review 2020 - Rip-Off or Worth To Try? Here is ...

The most irritating factor for me to stop recommending it anymore however is... greediness.. Trying to entice the users with fake countdown timers (You know stuff like - "Only for the next 10 minutes!!!") and incessant upselling to buy more product, sorry Beyond Diet, I guess the good times are over.Bye bye Beyond Diet.
