Most initial teacher training providers include sessions on bilingualism and second language acquisition within their programmes. What is Bilingualism? Put simply, bilingualism is the ability to use two languages.

Bilingual Language Learning in Children

BILINGUALISM AND SECOND LANGUAGE LEARNING The reason is simply that the speech area in the brain (left hemisphere) is being " committed." As a child reaches his eighth or ninth birthday, a good proportion of his speech area has been taken up by the first language, so that an S.L. has to vie for " space " in the speech area of the cortex. The more

Simultaneous bilingual language acquisition: The role of ...

These materials provide an introduction to bilingualism and second language acquisition and its implications for the classroom. What is Bilingualism?
