### **Blood: The Stuff of Life by Lawrence Hill**

This book is not primarily about "blood: the stuff of life" but blood and ancestry. It's not about life, it's about perception. There are repeated lengthy personal segues in each chapter that start to grate on one's nerves after a bit (as they take up more space than the cool history and cultural bits), and a lot of focus on blood is viewed sociologically.

### **Blood : the stuff of life / | University of Toronto Libraries**

In Blood, bestselling author Lawrence Hill offers a provocative examination of the scientific and social history of blood, and on the ways that it unites and divides us today. Blood runs red through every person's arteries, and fulfills the same functions in every human being. However, as much as the study and use of blood has helped advance our understanding of human biology, its cultural ...

### **Blood: The Stuff of Life — Lawrence Hill**

Lawrence Hill's latest book, *Blood: The Stuff of Life*, is a meditation on the cultural and personal meanings of blood. An essential part of our anatomy, it is perhaps the only internal aspect of our physical beings that almost all of us, at some time or another, will see outside of its natural place.

### **Blood: The Stuff of Life | Share My Lesson**

As a biological fact or a metaphor for gender, ethnic, or family identity, blood offers fascinating possibilities for a book. Also overwhelming ones. Lawrence Hill's *Blood: The Stuff of Life*, this year's CBC Massey Lectures, falls closer to the latter end of the spectrum.
