Breguet 693 | Military Wiki | Fandom

The Breguet 693 was a twin-engine ground attack aircraft designed for the French Air Force on the eve of World War Two. It was a fairly modern design for its time, of all metal construction and with a characteristic twin tail. The prototype first flew in 1937 but operational models were not delivered to combat units until March 1940.

Breguet products for sale | eBay

Unlike other modern French types, the Breguet 690 family saw its combat career end with the Armistice." - Wikipedia For the armament of the aircraft; " The Breguet 693 was armed with three guns in the nose (one 20mm cannon and two 7.5mm machine guns), each angled down by 15 degrees to aid strafing.

Breguet 693 | Biggles Wiki | Fandom

This is a Smer boxing of an old Heller kit. There was no interior included, so I scratched one using the Azur Breguet 695 as a guide. Of course, very little of that can be seen since it's all painted dark gray and the classic 1970s coke bottle optics of the canopies. The original kit also lacks engines so I added some from the scrapbox.

Bréguet 693 - Wikipedia

The Breguet 693, a two-seat twin-engine bomber carrying a pilot and a machine gun back-to-back, was also one of the first French aircraft to be equipped with radio communication.Like many units however, the assault groups were eventually pulled out of North Africa, and due the German occupation, this particular model saw no other future ench Language.
