offers. The brainchild of Admiral Sir John Fisher, battlecruisers combined heavy guns and high speed in the largest hulls of their era. Conceived as super-cruisers whose job it was to hunt down and destroy commerce raiders

British and German Battlecruisers - Their Development and ...

The Germans certainly USED 'Blucher' as a battlecruiser, and it was a part of a battlecruiser squadron when she was sunk, but only after receiving three HOURS of shelling by FOUR British battlecruisers.

British Battlecruisers 1905-1920: John Roberts ...

Currently, the only British 'battlecruiser' in the game is the Hood. However, she is really more representative of the fast battleship style of the later 'battlecruisers'. The closest thing to the early battlecruisers in playstyle is probably Myogi.

British and German Battlecruisers: Their Development and ...

The unit conducted several raids of the English coast between 1914 and 1916, which culminated in the Battle of Jutland during 31 May - 1 June 1916, in which they were expected to draw parts of the British fleet onto the German battleship line.

British & German Battlecruisers Their Development and ...

At the Battle of Heligoland Bight in August 1914, they turned the tide of battle in favor of the British by sinking three German light cruisers. While on detached service in the Falklands in late 1914, the HMS Inflexible and Invincible sank two less-powerful German cruisers, confirming their role as destroyers of light ships.

developments, as well as naval policies led to the commencement of the battlecruiser programs in both countries.

List of battlecruisers of Germany - Wikipedia

British and German Battlecruisers - Their Development and Operations, Michele Cosentino & Ruggero Stanglini The battlecruiser was one of the most controversial warships of the First World War, at least on the British side, with their entire service overshadowed by the dramatic loss of three British battlecruisers at Jutland.

Battlecruiser - Wikipedia

Battlecruisers already in the game. A lot has already been said about battlecruisers and how to add more of them to the game, and since Seydlitz, Derfflinger, Indefatigable, Renown or any other british or german BCs still haven't been added to the game (except for Hood and Scharnhorst, depending who you ask), there's still a lot more to say about it.
