While modern books are born digital, books old enough to be in the public domain may never have seen a computer. Google has been scanning books from public libraries and other sources for several years. That means you've got access to an entire library of classic literature that you can read on the computer or on a variety of mobile devices and eBook readers.

Call Me Francis Tucket by Gary Paulsen: 9780440412700 ...

CALL ME FRANCIS TUCKET, by Gary Paulsen, was good, but not as good as the prequel (MR. TUCKET.

I think that the book has some strong ideas, especially about human relationships.

I think that one thing that is important in the book is when Francis discovers Lottie and Billy, two young children, left to die, out on the prairie, because their father had cholera.
