Anti-spam techniques - Wikipedia

Disability determination is based in part on signs and symptoms of a disease, illness, or impairment. When physical symptoms are the presenting complaint, identification of signs and symptoms of illnesses are relatively concrete and easily obtained through a general medical exam. However, documentation or concrete evidence of cognitive or functional impairments, as may be claimed by many ...

Various anti-spam techniques are used to prevent email spam (unsolicited bulk email).. No technique is a complete solution to the spam problem, and each has trade-offs between incorrectly rejecting legitimate email (false positives) as opposed to not rejecting all spam email (false negatives) - and the associated costs in time, effort, and cost of wrongfully obstructing good mail.
