...

Description : International Review of Experimental Pathology, Volume 32: Molecular Cell Pathology discusses the applications and practical value of in situ hybridization; the interactions between endothelial cells and the cells of the immune system; and the molecular biology of cytokine effects on vascular endothelial cells. The text also describes the interphase nucleolar organizer regions in cancer cells; the disease associations, molecular biology, and pathophysiology of antineutrophil ...

Cellular Pathology As Based upon Physiological and ...

In 1858, Virchow presented a series of 20 lectures to a group of practicing physicians in Berlin at the Institute of Pathology. 10 These lectures were subsequently published that same year in a book entitled Cellular Pathology as Based upon Physiological and Pathological Histology (English Translation). 11, 14 He was the first to postulate that the basic units of life are the self-reproducing cells of living bodies, and he summarized this cell theory with the Latin phrase *omnis cellula a ...*
