For almost 300 years after 1521, Mexico was a colony of Spain and known as La Nueva España or New Spain. It was the crown jewel in Spains holdings in the New World. After the Spanish conquered the Aztecs in 1521, Mexico grew to include most of present day Central America and the southwestern United States.

I used an earlier edition of the "Mexico & Central America Handbook"(Plus, "The South American Handbook") to travel from San Diego, CA, to Rio de Janeiro, Brazil, by bus, train. New editions have less small town maps, less fine detail than older ones. One could probably still make it with these, however.

By the middle of the 18th century, at least a third of all Franciscan houses and friars were in the Spanish New World. Some of this growth reflected an increase in the number of native Franciscans in the Americas, especially in the 16th century. In fact, in Mexico, Spanish friars began to constitute a thin minority by the mid-1600s. Texas ...

Gangs in Central America

Central America, a part of North America, is a tropical isthmus that connects North America to South America. It includes (7) countries and many small offshore islands. Overall, the land is fertile and rugged, and dominated through its heart by a string of volcanic mountain ranges that are punctuated by a few active and dangerous volcanos.

...

Central America - Central America - The Habsburg period (1524-1700): Political jurisdiction over Central America under Spanish rule evolved slowly because of the rivalries between conquistadores. These rivalries led to violence and civil war among the Spaniards in the early years of colonial rule and retarded the unification of Central America.
