Cessna 340 - thirkill.com

The Cessna sales' effort placed great weight on the pitch that the 340 is a "300 series plane," and not one of the 400 series. But to look at it, you see more of the 400 series than you do the pressurized 310. Not only that, Cessna's detailed engineering report on the 340 says the wing is the same as 414, as are the flaps and ailerons.
