...

Excerpt. About The Book. From the bestselling author of The Knowledge Web come fifty mesmerizing journeys into the history of technology, each following a chain of consequential events that ends precisely where it began. Whether exploring electromagnetic fields, the origin of hot chocolate, or DNA fingerprinting, these essays all illustrate the surprisingly circular nature of change.

Circles: Fifty Round Trips Through History Technology ...

I believe his most well known work is the book and the BBC series "Connections". At least this is how I first came to know Burke (and enjoy his work). "Circles" is sub-titled "50 Round Trips through History, Technology, Science, Culture". The book is a collection of essays which have been gathered into this form.
