Andrea Hutton: Hello everyone, I'm Andrea Hutton. And welcome to Let's Talk Metastatic Breast Cancer at Patient Power. I'm a patient advocate and been living with metastatic breast cancer since 2010, so I'm quite familiar with the topic of the day, which is testing because I've had quite a few of those tests myself.

Conversations With Breast Cancer Patients

These conversations reveal how physician and patients worked together in the effort to make life with or after breast cancer livable and, whenever possible, enjoyable. The result is an honest and open examination not of treatment options-as those change constantly, frequently at the interval of only a few months-but of how to live with the illness and the treatment that it requires.
