But I might go for Warren's kit, because it comes with the mounts, spacers, hubs, bearings and a wiring guide. My plan is to be able to ring him if I get stuck. Now I'm wondering when to start stripping the Astra. carl roper. Member

A corsa C - Obviously you need to start with a corsa C Z20let engine + Gearbox
- You will also obviously need the engine, I run the F23 gearbox wich is 5 speed, you can get the M32 gearbox to run 6 speed and this can be found on the VXR range, these gear boxes run the same mountings so this can be upgraded at a later date if you wish.

doesn't do a wiring guide for the 1.8, I think M-tech do one. If I was to do another I'd go for a SXI if I'm honest, because they have a decent spec, you can always upgrade stuff later. This is mine.
