### Restylane - Wikipedia

Injectable lip fillers are noninvasive cosmetic treatments that temporarily plump and smooth lips to achieve a fuller appearance. The best lip fillers are those that create a natural voluminous look, are low risk and provide consistently satisfactory results. Fitting this description are hyaluronic acid lip fillers.

### Cosmetic Injectable Fillers An Issue

Restylane is the trade name for a range of injectable fillers with a specific formulation of non-animal sourced hyaluronic acid (HA).. In the United States, Restylane was the first hyaluronic acid filler to be approved by the U.S. Food and Drug Administration (FDA) for cosmetic injection into subdermal facial tissues.. Restylane is produced by Q-Med.
