Dark Matter of the Mind: The Culturally Articulated ...

Dark matter of the mind is any knowledge-how or any knowledge-that that is unspoken in normal circumstances, usually unarticulated even to ourselves. It may be, but is not necessarily, ineffable. It emerges from acting, "linguaging," and "culturing" as we learn conventions and knowledge organization, and adopt value properties and orderings.

Dark Matter Of The Mind

Dark Matter of the Mind is a must-read for anyone curious about the nature of human nature. The fact that author Daniel Everett challenges the existence of a universal human nature or at least of anything conventionally labeled human "instinct" adds to the fun, at least if you are the sort of reader who likes to fully engage with a book.
