Research shows that teachers who improve their assessment practices can see an increase in student achievement, and this quick reference guide is designed to help all teachers do just that—by ensuring that their assessments are aligned to their instruction at both the standards level and the learning level.

Fundamental Concepts and Skills for Nursing, 4e, Author ...

Collaborative Leadership has confirmed a core truth in education: We must create an educational learning community grounded in trust and responsibility, not testing and accountability. DeWitt has provided a framework to challenge our current thinking, make us reflect, and perhaps even become a little uncomfortable with current practices as school leaders.

2017 Grade 3 English Language Arts Released Questions

Most legal texts are written either by non-lawyers or non-therapists. Non-lawyers do not understand the complex interactions in the legal system, and are not permitted to give advice. Non-therapists may understand the law very well, but be unable to relate to how therapy is delivered at the bedside. This book is written by a therapist who is a lawyer, and who has been at the bedside.
