Disparaged Success: Labor Politics in Postwar Japan on JSTOR

The decline of organized labor has
coincided with the decentralization of
labor-management relations. As a result,
most observers assume that
decentralized labor is destined to lose
power in a capitalist economy, and that
enterprise unions will tend to be docile
and powerless. Kume documents the
one notable exception.

The implications of the Japanese experience for the study of labor politics seem to have been all too evident: the most decentralized labor movement in the advanced industrial democracies failed to enjoy pro-labor policies let alone establish a labor party government. The end result has been continuous conservative rule.

U.S. Labor Party - Wikipedia

Its first big mistake was back in 1989. Having defeated the Soviet Union with the help of Pakistan and the Afghan mujahideen, the Americans abandoned Afghanistan and distanced themselves from Pakistan. To add insult to injury, the United States also developed strategic relations with India, Pakistan's longtime rival.
