Numerous First Amendment issues have arisen out of the communications on social media or Internet social networking sites, such as Facebook or Twitter. Cases have involved how far government can go in restricting speech by public employees and students as well as true threats uttered on social media.

### Encyclopedia of Social Media and Politics (3 volume set ...

The development of social media started off with simple platforms such as sixdegrees.com. Unlike instant messaging clients, such as ICQ and AOL's AIM, or chat clients like IRC, iChat or Chat Television, sixdegrees.com was the first online business that was created for real people, using their real names. The first social networks were short-lived, however, because their users lost interest.
