Our Building Built in the early 60's, this space has gone through many incarnations, but with the growth of beautiful Denver, Colorado and our ever evolving neighborhood, the Field House now shines!. Refurbished by Lisa Vedovelli and Justin Anthony in 2015\*. The Field House offers full amenities and a stylish, yet rustic feel... a lovely canvas ready for your event decor and guests.

**Our Staff | One Colorado**  
In mathematics, the field with one element is a suggestive name for an object that should behave similarly to a finite field with a single element, if such a field could exist. This object is denoted F 1, or, in a French-English pun, F un. The name "field with one element" and the notation F 1 are only suggestive, as there is no field with one element in classical abstract algebra.
