perspectives for a solution of vexing problems in syntax and semantics.

Definition and Examples of Generative Grammar

Get this from a library! Focus structure in generative grammar : an integrated syntactic, semantic, and intonational approach. [Carsten Breul] -- The notion of focus structure in this work refers to the distinction between categorical,thetic and identificational sentences. The central claim is that the syntactic representation of every ...

Focus (linguistics) - Wikipedia

The notion of focus structure underlying the present work is essentially that of Lambrecht (1994), who distinguishes what he calls the predicate focus, argument focus and sentence focus types of focus structure. He illustrates this distinction by the A-utterances in (1), where the word in small ...

Focus in Generative Grammar | Michael Rochemont

Generative grammar is the label of the most influential research program in linguistics and related fields in the second half of the twentieth century. Initiated by a short book, Chomsky's Syntactic Structures (1957), it became one of the driving forces

Generative grammar - Wikipedia

Formal definition. A transformational- generative (or simply transformational) grammar thus involved two types of productive rules: phrase structure rules, such as "S → NP VP" (a sentence may consist of a noun phrase followed by a verb phrase) etc., which could be used to generate grammatical sentences with associated parse trees (phrase markers,...

Generative Grammar - an overview | ScienceDirect Topics

The topic of this book is the notion of ‘focus’ and its linguistic characterization. The main thesis is that focus has a uniform grammatical identification only as a syntactic element with – in English at least – a certain systematic phonological interpretation and – presumably universally – a range of semantic interpretations. In broad respects, the framework within this ...

Generative grammar. Linguists who follow the generative approach have been called generativists. The generative school has focused on the study of syntax and addressed other aspects of a language's structure, including morphology and phonology .

Michael S. Rochemont Focus in Generative Grammar ...

Focus is a grammatical category that determines which part of the sentence contributes new, non-derivable, or contrastive information. Focus is related to information structure.

Contrastive focus specifically refers to the coding of information that is contrary to the presuppositions of the interlocutor. The topic-comment model distinguishes between the topic and what is being said about that topic.
