In phonetics and phonology, gemination (/ , dʒ ε m-/), or consonant lengthening (from Latin geminatio "doubling", itself from gemini "twins"), is an articulation of a consonant for a longer period of time than that of a singleton consonant. It is distinct from stress. Gemination is represented in many writing systems by a doubled letter and is often perceived as a doubling of the consonant.

Gemination - Wikipedia

Hindi language, member of the Indo-Aryan group within the Indo-Iranian branch of the Indo-European language family. It is the preferred official language of India, although much national business is also done in English and the other languages recognized in the Indian constitution.
