### Staples® Official Online Store

Place it in a single layer in a box lined with newspaper, and store between 55-70°F. To speed up the ripening process, add a couple of apples to the box. Check weekly for ripened tomatoes and remove any rotted fruit. If some just don't seem to be changing color at all, try some fried green tomatoes.

Keith Stewart covers everything you need to know to successfully grow and market your own organic vegetables and herbs. Offering expert tips on choosing a growing site, soil fertility, companion planting, irrigation, organic farming techniques, dealing with pests, and harvesting, Stewart also helps you design a business plan, manage employees, and find niche markets for your produce.

### Frugavore : how to grow organic, buy local, waste nothing ...

Frugavore has no such photographs - as a compendium of information, tips and advice it's much more about function than form. It's the kind of book that is designed to become dog-eared from years of looking up that recipe for chicken stock, and, propped up next to the stove, splotted with olive oil and quince jelly.
