OpenLibrary is a not for profit and an open source website that allows to get access to obsolete books from the internet archive and even get information on nearly any book that has been written. It is sort of a Wikipedia that will at least provide you with references related to the book you are looking for like, where you can get the book online or offline, even if it doesn't store itself. Therefore, if you know a book that's not listed you can simply add the information on the site.

Good Reader For Ipad User Manual - WordPress.com

This is what I use GoodReader for the most and without it, my PDF reading / annotating on iPad wouldn't exist. This feature allows you to sync an entire directory of documents from your Dropbox folder and with a decent WiFi or 3G connection you can keep documents and PDFs in sync with all of your other Dropbox enabled devices.
