Scholarly knowledge of the Southeastern cultures relies on evidence from diverse sources, including artifacts, historical documents, ethnography, linguistics, folklore, and oral history. Many cultural traditions reported by the earliest European explorers, such as the use of ceremonial mounds, the heavy reliance on corn (maize), and the importance of social stratification in some areas, were clearly developed during the Mississippian culture period (c. ad 700-1600). The Mississippians ...

The collection of essays in this volume was first published in 1982 by the Institute of Southeast Asian Studies, Singapore. In this revised edition, another 180 pages have been added which should be read as an extended commentary on the earlier volume. It not only provides new perspectives but also takes into account some developments in the field of earlier Southeast Asian studies since 1982.

## **History, Culture, and Region in Southeast Asian ...**

The culture of the Southern United States, or Southern culture, is a subculture of the United States. The combination of its unique history and the fact that many Southerners maintain—and even nurture—an identity separate from the rest of the country has led to its being the most studied and written-about region of the U.S.
