### plans | Hit Miss Engine

Hit and Miss Number 1, 1 Cylinder, 4 cycle, 0.75 bore X 0.80 stroke. I started designing this engine on January 13, 2001. It is based on several different designs in Strictly IC magazine, Bob Shores Little Angel, and several actual hit and miss engines I saw at Pioneer Days in 2001.

### ENGINE KITS - Martin Model & Pattern

1. A thirty-nine sheet drawing set covering four farm type engines, two horizontal, two vertical, water cooled or air cooled with optional hit and miss governor. Bore .750, stroke 1.000, flywheels 3.5 diameter. From that it sounds like you get the plans to build all of the versions of the farm engine including the optional H/M governor.

### hit miss engine model kit products for sale | eBay

Farm Boy Hit-&Miss 4-Cycle Engine Plans: Farm Boy is a bar stock engine requiring no expensive castings but is designed to look as though it was made from castings. As seen above, it is not possible to know it was made from bar stock. It is mostly aluminum alloy which is much stronger than castings and machines better as well.

### Plans for Everything - IC Engine Plans

A few years ago I decided to get a hit-and-miss engine. Not being able to decide what to buy, I turned to my machinery and piles of bar stock for the answer. I didn't want a small model but rather a 3 HP-sized machine. After a few pages of sketches I set out to make some chips fly and built a homemade 3 HP hit-and-miss gas engine. Quite a project
