This book looks aimed at average to poor students who need a math credit. It is not really challenging and tests mostly simple arithmetic with algebra trappings and little real hard geometry. I suppose we will need to supplement with a textbook from the 1950s - less pretty pictures but more real math.

Holt Geometry Textbook - Student Edition Thank you. This book came in very good condition. Arrived on time. I home school my son and it's very often I will order books that say they are a certain date of copywriter and they aren't. Which means my teachers edition isn't the same wording as my students edition. It would be worthless.
