Compliant Rebels by Hyeran Jo

International law, like its Siamese twin and enemy, war, remains a crystallization of all that keeps world politics sui generis. If theory is to be primarily concerned with the distinctive features of systems rather than with the search for regularities, international law becomes a most useful approach to international politics.

From International Law and International Relations to Law ...

International relations (IR) or international affairs (IA) — commonly also referred to as international studies (IS), global studies (GS), or global affairs (GA) — is the study of interconnectedness of politics, economics and law on a global level. Depending on the academic institution, it is either a field of political science, an interdisciplinary academic field similar to global studies ...
