History of music - Wikipedia

A genre of music whose very title was a reaction to rock, "Easy Listening" was nothing more or less than postwar pop removed of any blues or jazz influences whatsoever; a defiantly European brand of music, it kept the orchestral nature of Fifties pop but concentrated almost entirely on melody and arrangement. As a consequence, most of the style's big names were conductors, composers, arrangers ...

Music and intelligence - Parenting Science

The purpose of this paper is to provide some historical perspective on the so-called loudness war. Critics of the loudness war maintain that the average volume level of popular music recordings has increased dramatically since the proliferation of digital technology in the 1980s, and that this increase has had detrimental effects on sound quality and the listening experience.

Prehistoric music, once more commonly called primitive music, is the name given to all music produced in preliterate cultures (), beginning somewhere in very late geological history. Prehistoric music is followed by ancient music in most of Europe (1500 BC) and later music in subsequent European-influenced areas, but still exists in isolated areas.

Solved: Spotify Listening History - The Spotify Community

“Listening to History” appeared monthly in the newspaper’s “Sunday Journal,” a special section of the Sunday edition of the newspaper that focused on the state’s cultural life. A central component of the series was the photographs taken by Chris Seward, a veteran News & Observer photographer who took nearly all the portraits that ran with the stories.
