Garage door openers from Grainger include continuous duty, medium duty, and heavy duty motors suitable for residential or commercial applications. Trolley openers are typically used for standard lift sectional doors. Continuous duty, high starting torque motors feature instant reverse and overload protection. Heavy duty 24 DC motors provide ...

**Precision Garage Door Openers Seattle | Liftmaster ...**  
Automatic Doorman garage door openers were made by Lynx in Montreal, Canada. Automatic Doorman garage door openers have been out of production from several decades. They used a V-belt instead of gear drive in the motor housing, which made for a quieter than normal opening and closing of the garage door.

**Lynx garage door opener | eBay**  
Garage Door Reverses Before Hitting the Floor . Two possible problems can lead to a garage door reversing before it even touches the floor: Garage door openers have an adjustment screw that controls the closing force—the pressure with which a door is allowed to descend before the motor switches off.When the door reverses before it even hits the floor, this is often because the close-force ...
