Macroeconomics is 'non-experimental': like, e.g., history, macro-economics cannot conduct controlled scientific experiments (people would complain about such experiments, and with a good reason) and focuses on pure observation. Because historical episodes allow diverse interpretations, many conclusions of macroeconomics are not coercive.

Macroeconomics Study Guide and Workbook by Roger Kaufman

Macro was a tough class, and this book helped me study for exams. I got an A in the class, largely thanks to using the workbook. The textbook has study questions, but no answers, so there's no way to check your understanding. The workbook has answers for almost every question, so it helped me identify which content I was weak on.
