The dedicated V-1HD remote control app turns an iPad into an efficient touch interface. You can also use the PC/Mac Remote Control Software to run essential switching functions, mix audio with virtual faders, change settings and effect parameters quickly, and create up to eight custom scenes for fast, efficient setup changes.

ATEM Production Studio 4K - Tech Specs | Blackmagic Design

A unique feature of the signal monitoring is the PEAK led. This uses multipoint signal take-offs to watch for overload in several parts of the channel strip, and the led lights more brightly as the signal approaches the peak point. For smooth and accurate channel control, the EPM has 60mm high quality faders as used on other Soundcraft desks.
