Integrated Reporting Council (IIRC). 1.2 The capitals identified by the IIRC are: financial capital, manufactured capital, intellectual capital, human capital, social and relationship capital, and natural capital. Together they represent stores of value that are the basis of an organization's value creation.

Measuring Social Capital - World Bank

Social capital cannot be measured directly, but can be inferred from its determinants or manifestations. The determinants are factors that have an impact on social interactions and therefore allow social capital to come about (read more). Manifestations are the outcomes of social capital (read more) for example lower crime rates.
