Forging: The forging process uses a hammer or press that is essentially a mechanized version of the hammers used by ancient blacksmiths. The metal is hammered against a surface that serves as an anvil. It can be hammered repeatedly so as to form complex shapes. This can be used as an alternative to the drawing process.

Mechanized Warfare 1915 ...

As old as war itself, Infantry are the foot soldiers of any military force. Underestimated and under-appreciated in the eyes of their so-called betters, many a campaign is often won or lost due to the actions of the "poor bloody infantry" while BattleMech and AeroSpace Fighter pilots win the glory. Their training,
