Getting started with Interactive Math Notebooks [http://www ...](http://www...)

One of the ideas that struck me at the end of last school year was to use interactive math notebooks this year. I had kinda, sorta attempted them in the past, but didn't have a plan or a lot of follow through, so they ended up being warm up journals (and only for those kids who were organized to follow through without any prompting from me.)

Middle School Math Interactive Notebooks

Math interactive notebooks are a great hands-on tool to engage students in the content and process. It has been noted by researchers that interactive notebooks allow students to systematically organize information. Typically the right side of the notebook is teacher guided note taking, often in the form of a graphic organizer, foldable, or cut and paste.

Setting Up Your Interactive Notebook

Math Interactive Notebook For the entire school year, we will be using an Interactive Notebook. The interactive notebook is more than a notebook in which to take notes. It is a way of collecting and processing information. It will replace your math textbook. The Interactive Notebook uses a right side and left side to help you organize your ...
