...
You can easily adjust the foot pedal tension on a Minn Kota trolling motor with the turn of a tension screw. The foot pedal is used to control the prop angle and adjust for steering and speed. It allows for total hands-free control, an extremely valuable tool when angling.

Where To Download Minn Kota Foot Control **Minn Kota products for sale | eBay**

Slack your cable
tension adjustment
screw in the footpedal
all the way off, then
what you have to do is
slide that plastic spool
off, and rotate it until
you have the right
position. The object of
this, is to have the
motor set pointing
straight ahead, with
your footpedal in the
middle incline position,
so you have full travel
