Nikon | Service Manuals | Learn Camera Repair

This was a popular lens in the 1970s. It was the "standard" lens sold with better Nikon cameras. The 50mm f/1.8 AI can be better optically, however.. In the 1950s through 1970s men measured their worth among men by the speed of their lens, regardless of whether or not they used the speed for it's only real purpose, available light photography.
