Northern Lights - Wikipedia

Nora Roberts is one of my favorite authors. Northern Lights, set in Alaska, is a romance murder mystery novel. Accurate description of Alaskan life. Just enough information about characters to keep you wondering. I felt the story line would have been just as effective using less four letter words. One or two romance scenes too many. Main female character's mother is annoying.

It's not the first book Nora Roberts wrote that way, but I love her heroes in general so it's always a good surprise when she does it. Second, I loved the way she spoke of Alaska and climbing in extreme conditions. In most of her books the location is part of the story and in Northern Lights she really made both feelings really vivid.
