12.5 Events/13th International OpenFOAM Workshop. Date: 2018/06/24 Location: Shanghai Jiao Tong University, China The Workshop Committee would like to invite you to the 13th International OpenFOAM® Workshop to be held at Shanghai Jiao Tong University, China, from June 24-29 2018

OpenFOAM Workshop Training Session
OpenFOAM is an object oriented C++ toolbox for solving various systems of partial differential equations using the finite volume method on arbitrary control volume shapes and configurations. It includes preprocessing (grid generator, converters, manipulators, case setup), postprocessing (using OpenSource Paraview), and many specialized CFD solvers are implemented.
