Introduction to Operations Management | Operations Management

Operations Management by Nigel Slack and Alistair Brandon-Jones is quite simply the best text on operations management. Comprehensive, engaging and insightful, I cannot recommend this book highly enough' Professor Andy Neely, Head, Institute for Manufacturing, Cambridge University .

Operations Management - Process Technology

Building on the success of the Slack et al Operations Management text, now in its third edition, this major new text provides a comprehensive and refreshing insight into the more advanced topic of operations strategy. This is particularly timely because of the increasing demand for courses in operations strategy at all levels.

Five Operational Performance strategic decision-making tools

A long-time market leader in this discipline, Slack has set the standards in Operations Management which other textbooks seek to emulate. Expert authorship, an engaging writing style, and an interesting collection of cases combine to communicate the importance of managing operations and processes within a successful organisation. Operations Management provides a strategic perspective, whilst ...
