Peonies of the World : Hong De-Yuan : 9781842464588

The peony or paeony is a flowering plant in the genus *Paeonia*, the only genus in the family Paeoniaceae. They are native to Asia, Europe and Western North America. Scientists differ on the number of species that can be distinguished, ranging from 25 to 40, although the current consensus is 33 known species. The relationships between the species need to be further clarified. Most are herbaceous perennial plants 0.25–1 metre tall, but some are woody shrubs 0.25–3.5 metres tall. They have ...
