Pharmacy Calculations for Technicians: Text: Skye A ...

Pharmacy Calculations for Pharmacy Technicians. This outstanding text is a long overdue addition to pharmacy math education. Looking back at my early years as a registered nursing student, it would have been much more flexible and easier to use Pharmacy Calculations for Pharmacy Technicians rather than the abstract and formula laden math textbooks.

Calculations Review for Pharmacy Technicians

The four main components in Pharmacy Math are: Weight, Volume, Temperature and Time. To prepare for the PTCB or ExCPT exam, it's recommended to know math enough to work out complex word problems and some algebra. Additionally, conversions are referred to in nearly all pharmacy tech math calculations.
